FOREWORD

From earliest time the valley of the Rio Grande has been a natural pathway for men traversing the Southwest. It was an ancient trails before Europeans set foot on the Western World; and when the Spanish in their widening conquests advanced up the central plateau of Mexico, they found the river course the easiest route into the unknown North.

Where the Rio Grande issued from the southernmost spurs of the Rocky Mountains, its valley narrowed sharply through a Pass, immediately recognized by the Spanish as of great strategic value, their doorway to the North. They named this place El Paso del Norte.

For almost four centuries history has been made by the procession of strong men who have filed through that pass.*

Thus we have tried to portray some of the entrances through which students of El Paso High School have passed and will make their ways in days to come. We shall take our places here in El Paso del Norte or leave to join the procession which constantly files through the Pass of the North into the world beyond.

*From **Twelve Travelers Through the Pass of the North** by Tom Lea,
Editor of the 1924 Spur, Class of 1924. Reproduced through the courtesy of El Paso Electric Company.

To Mrs. Leila Oliver, always patient, unselfish, kind, and understanding, always ready to lead the student to a better knowledge of himself and the world about him through science, we gratefully dedicate the 1951 Spur.

Dedication

"I am bigger than anything that can happen to me. All these things, sorrow, misfortune, and suffering, are outside my door. I am in the house and I have the key."

Charles Fletcher Lummis, "Epigram".

IN MEMORIAM

"—And flights of angels sing thee to thy rest."

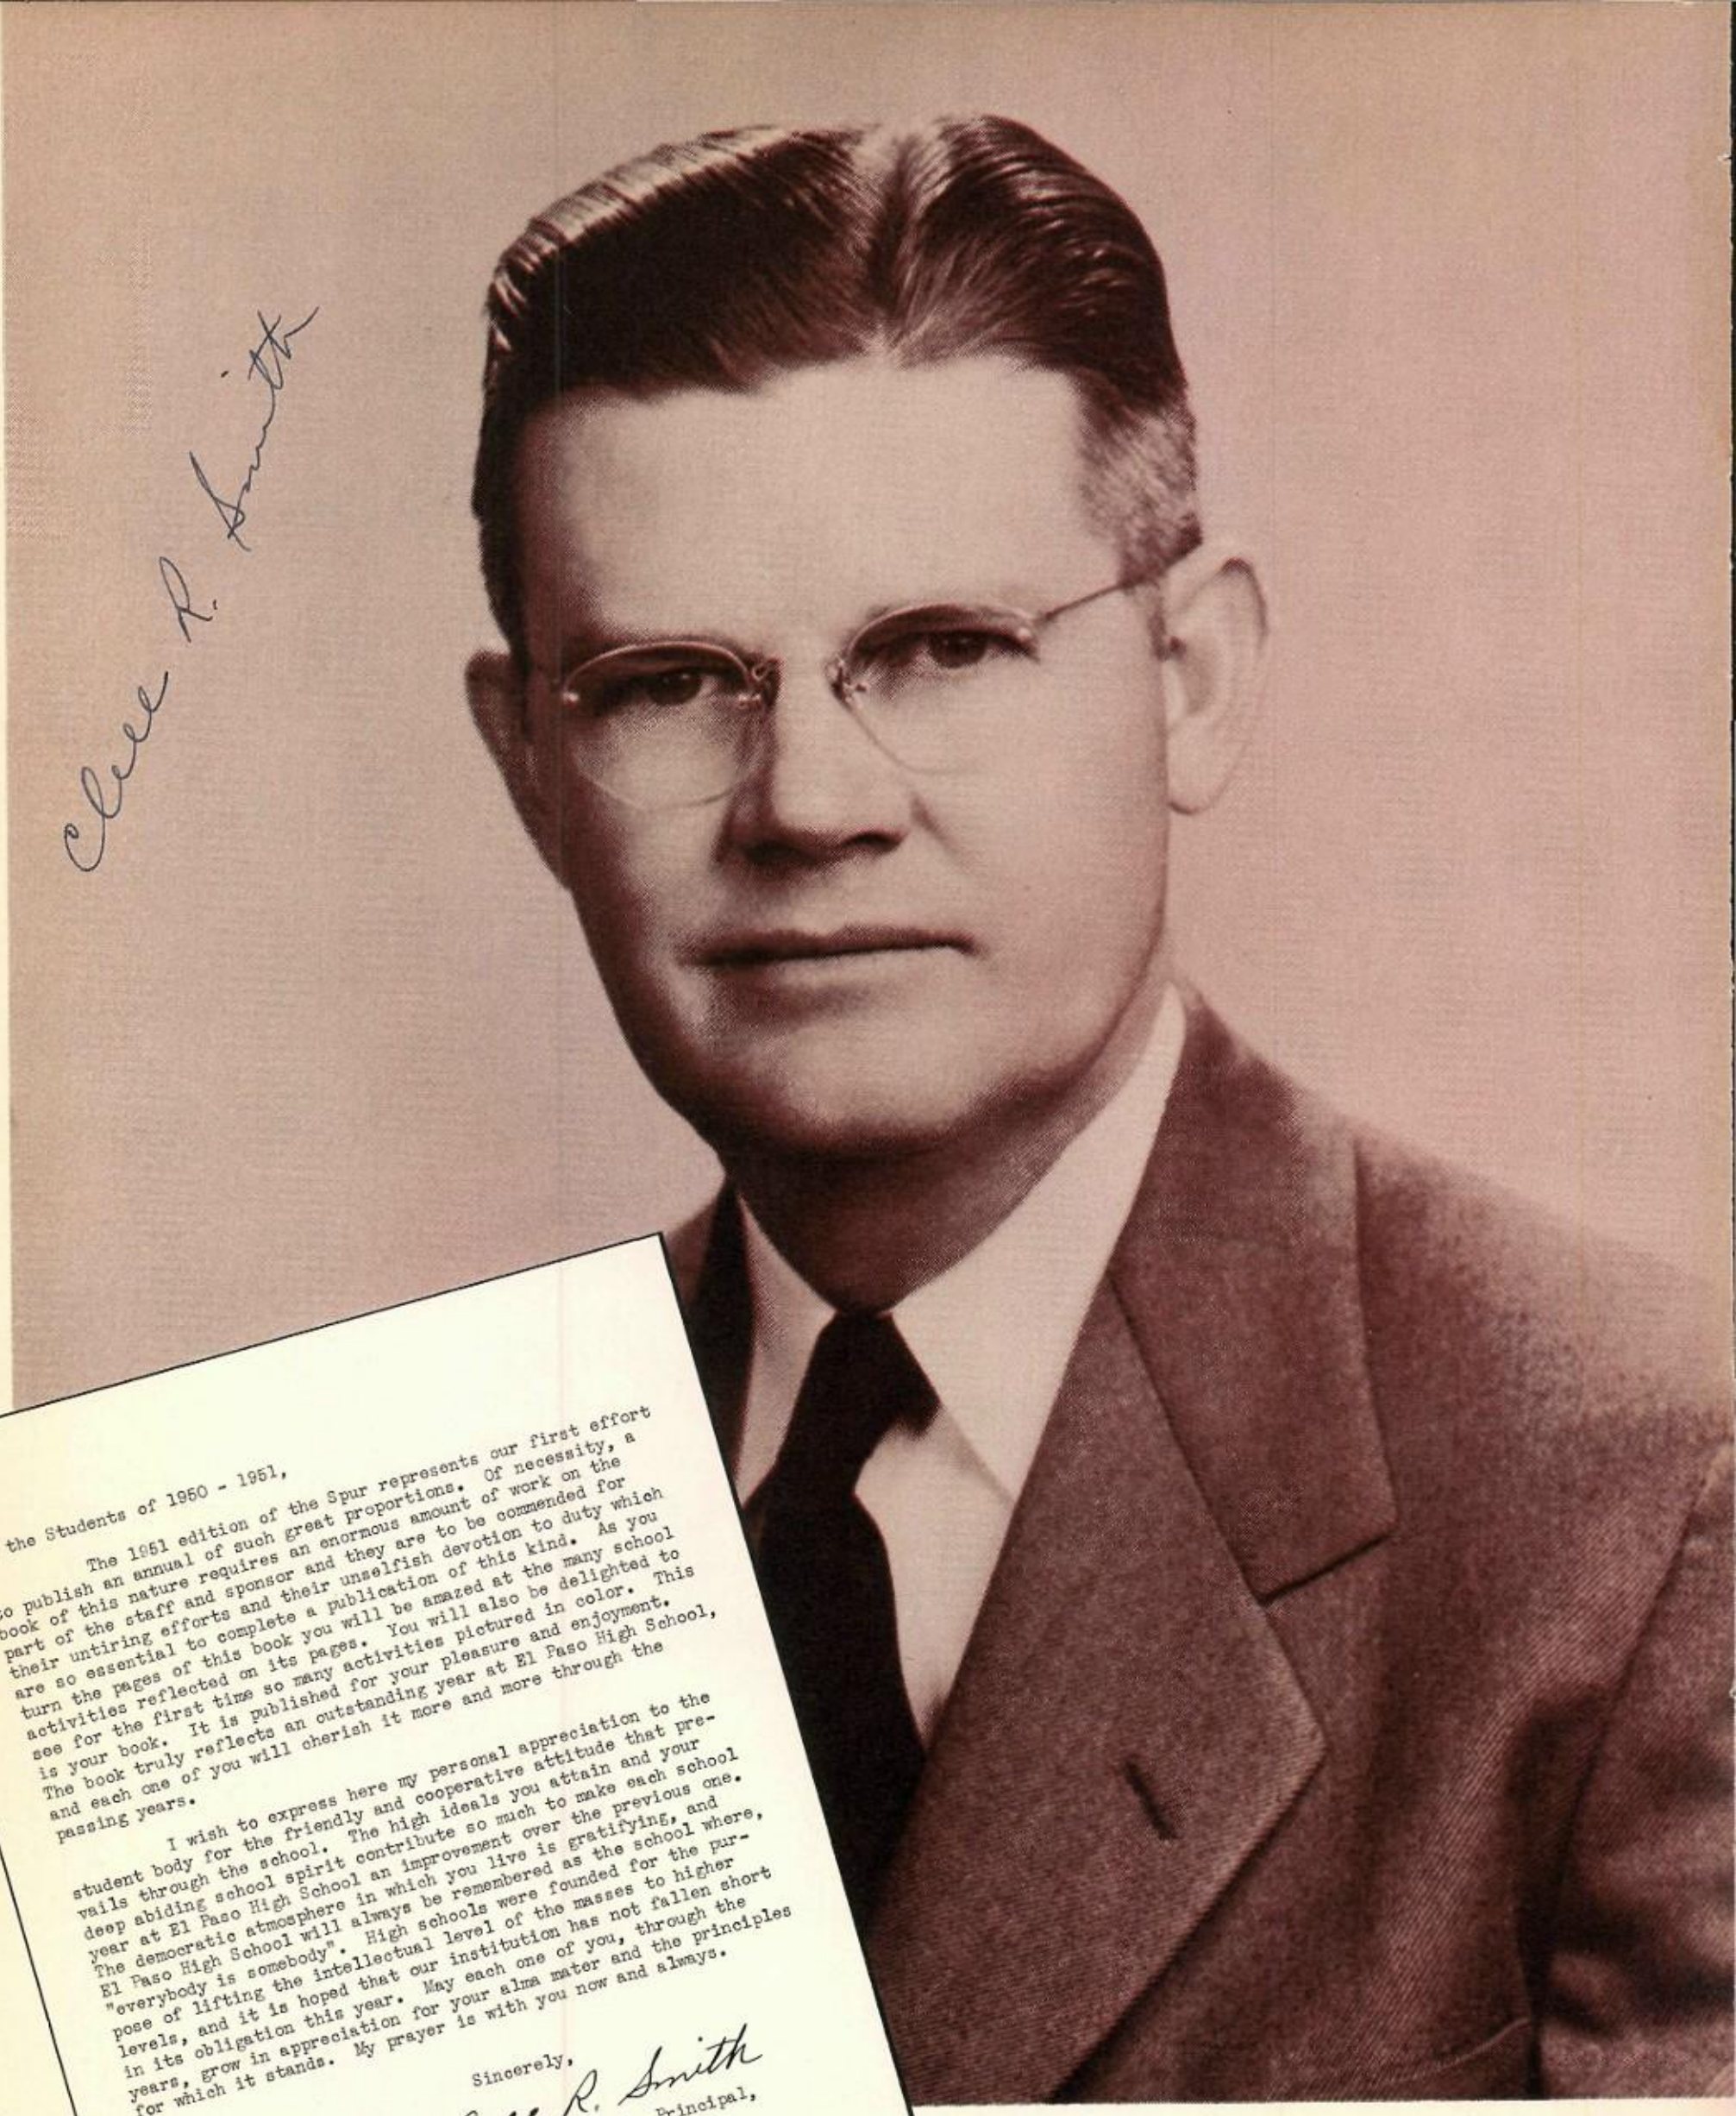
"The lintel low enough to keep out pomp and pride.
The threshold high enough to turn deceit aside;
The doorband strong enough from robbers to defend;
The door will open at a touch to welcome every friend."

Henry Van Dyke, "Inscription For A Friend's House."



To the Students of 1950 - 1951,

The 1951 edition of the Spur represents our first effort to publish an annual of such great proportions. Of necessity, a book of this nature requires an enormous amount of work on the part of the staff and sponsor and they are to be commended for their untiring efforts and their unselfish devotion to duty which are so essential to complete a publication of this kind. As you turn the pages of this book you will be amazed at the many school activities reflected on its pages. You will also be delighted to see for the first time so many activities pictured in color. This is your book. It is published for your pleasure and enjoyment. The book truly reflects an outstanding year at El Paso High School, and each one of you will cherish it more and more through the passing years.

I wish to express here my personal appreciation to the student body for the friendly and cooperative attitude that prevails through the school. The high ideals you attain and your deep abiding school spirit contribute so much to make each school year at El Paso High School an improvement over the previous one. The democratic atmosphere in which you live is gratifying, and El Paso High School will always be remembered as the school where, "everybody is somebody". High schools were founded for the purpose of lifting the intellectual level of the masses to higher levels, and it is hoped that our institution has not fallen short in its obligation this year. May each one of you, through the years, grow in appreciation for your alma mater and the principles for which it stands. My prayer is with you now and always.

Sincerely,

Clell R. Smith

Mr. A. H. Hughey

In the Spring of 1910, Mr. A. H. Hughey began his school career in El Paso. He was a young lawyer at the time and began teaching because El Paso High School, then housed in Morehead School building, needed a teacher for half a day. He continued to teach the following year because both he and the pupils liked the teaching. He became principal of the school in 1914. It was while he was still principal that the city twice voted bonds to build a high school building. Mr. Hughey says that the city was willing to vote the bonds because it was said at the time that it was the "finest high school building in the United States." Mr. Hughey watched the building as it was built, brick by brick. It was he who went with the contractor in 1916 to see that each door could be unlocked before he accepted the building.

El Paso High School stands today as a memorial to a man who planned wisely and well. After forty-five years of service the school stands, majestic and adequate — a tribute to the man who has had the vision to plan for the future and the courage to carry out his plans.

The high seniors, in their moments of glory, promenaded down the hall during a dancing intermission at the Senior Prom. Underclassmen looked on from the sidelines.

Dear Ralph,
I'm sure has been
having a good time.
I'm very glad we got
to know each other well.
I'm very sorry about what
happened last year
between you and me
but now I hope you
have forgiven me. You
are a wonderful boy.
Please write letter.
Thanks a lot for the
wonderful times you
have showed me. I really
had a lot of
fun with you. Please
come back and see
me again at old E.P.H.S.
We are sorry to see you
leave.

Remember

Those checks didn't leave me much room to write you a long love letter, but I'll tell you briefly that I really think you're an outstanding fella. I hope we'll always be the close friends that we are now. May you enjoy good health (better than one day at my house that I remember) and happiness as well as success! Lots of love

you're a swell guy

wish knowing you
school year.

Dearest Ralph,

Well sugar, it's been a long hard pull but we finally made it and I just can't tell you how much our friendship has meant to me. I wish I could have known you a lot longer Poopie and a lot better but I see no reason for our friendship to end now just because of graduation. We've really had a lot of fun Poopie, (remember the Fiesta) + everything. It's been wonderful to have someone as sweet + understanding as you to tell my troubles to + have fun with. So the best of luck + success always & a big kiss you'll never forget.

Love ya loads,

Dearest Ralph.

I wish I could tell you how much your friendship has meant. You are one of the very few boys in E.P.H.S. who like Sis and that means more to me than anything in the world. You, too, are one of the few who know how I feel about Sis. Really Ralph - let's always be true, good friends - I'll always try to help you better than in the past if you'll let me - I'll care on you some day too - even if it's just to cry on your shoulder when my heart leaves.

Sincerely!

Dads

Dear Ralph,
Here's wishing all the luck in the world to a real swell fella, and even tho I didn't get to know ya very well in E.P.H.S. I hope I get to know you better, maybe in college.

Dear Ralph,
We've had a lot of swell times this last year haven't we? Remember that last cruise we had on the Chesapeake Bay? I sure wish I could be with you right now.

Dear Poopsie,
Sure glad to hear from you. Sorry I can't be with you right now. Have a swell time this last cruise. Remember the good old days when we were kids? Remember that last cruise we had on the Chesapeake Bay? I wish I could be with you right now.
Love,
Bobby

Ralph;
These past few years and some of the times we have had together are ones that I am never going to forget. You have really been a swell buddy and I hope that I have been equally as swell a buddy to you. Remember the Flo Pool fiasco, I damned near drowned. It seems that I am always catching your colds, I wonder why? We'll be graduating in a few days and then off to Summer School. When you take in Annapolis, I want to wish you all the luck in the world right now, so that you'll be sure to make it through that Navy hole with flying kansas. Someday when you out at Lonely Creek, I'll buzz you in my Jet! (I hope) If you make it through alright that is with all your legs arms and b---- I want you to know that I'll always buy "Vandenpool's pastries." If you ever need money, come down to Florence's Loan Shark Corp. I sure hope you have a succesful future and I want you to remember that I am always your friend.

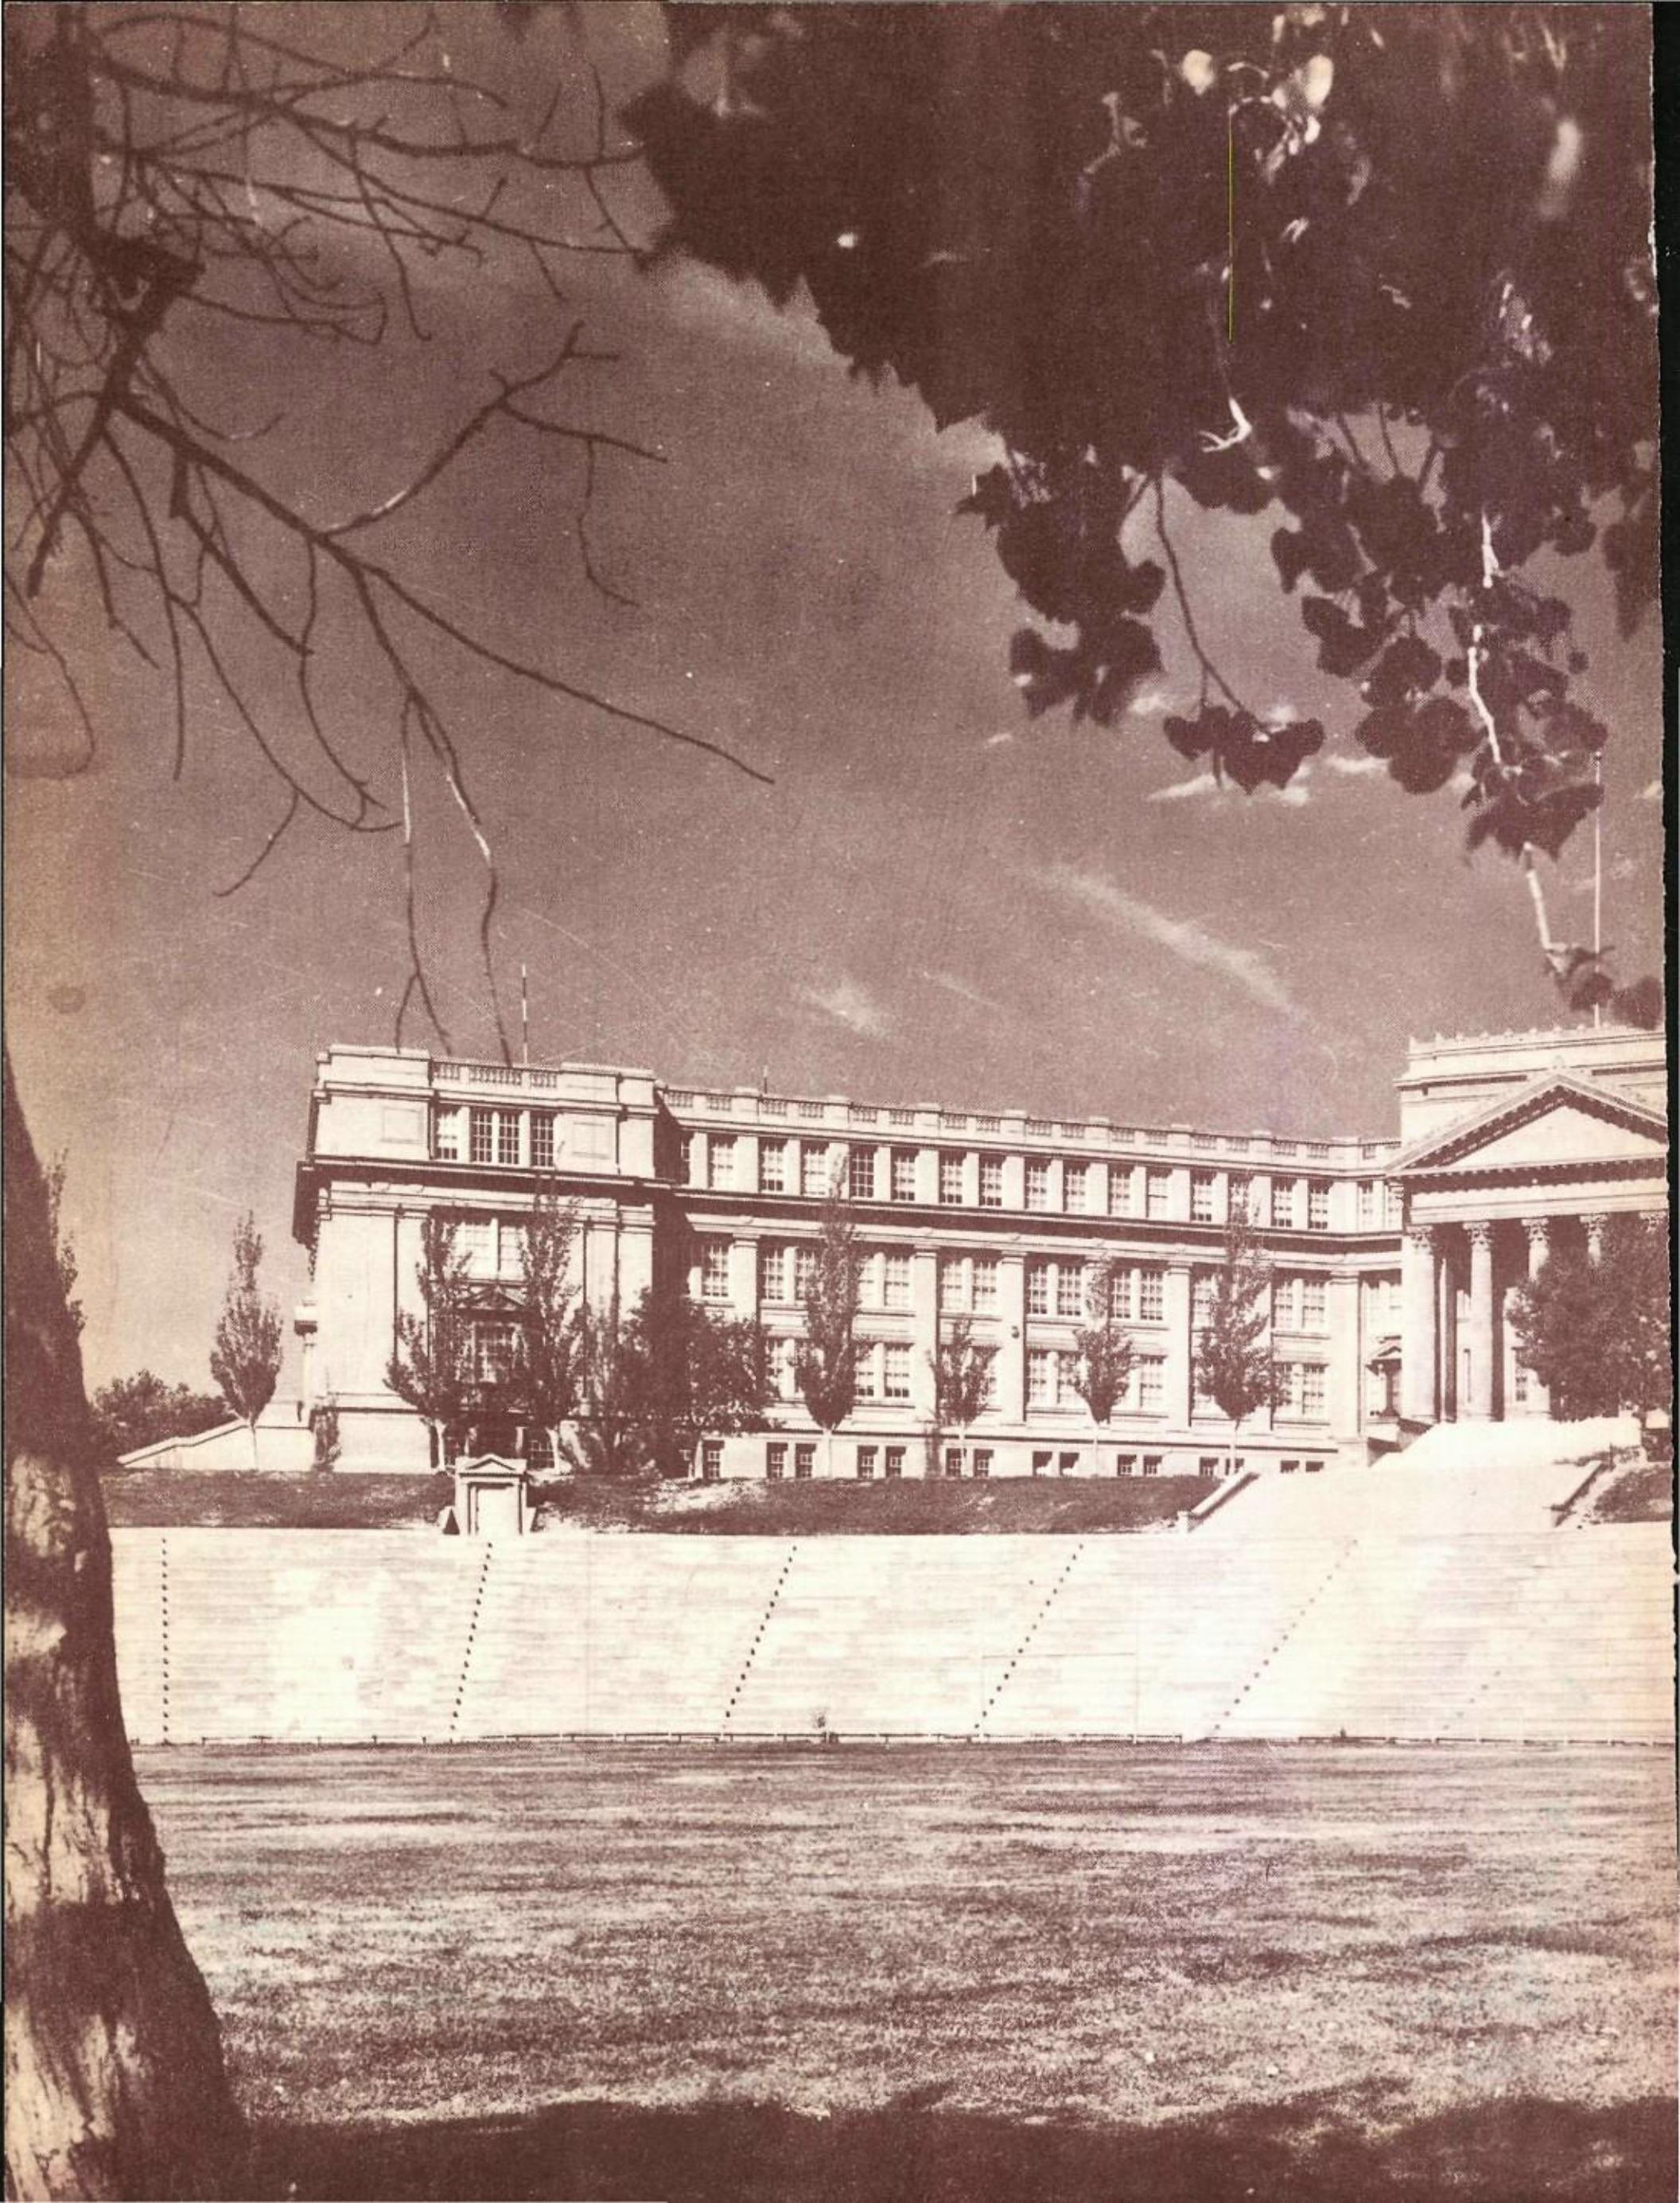
Dearest Ralph-

Well, here we are at the end of a four year adventure. Isn't it appropriate that this spur is "doors"? The door is sure shutting as far as highschool is concerned.

Ralph, I don't need to tell you how much your friendship means to me. We have always been closest of buddies. How many times have I burdened you with my problems? And how many times have you cheered me up and made me "snap out" of the blues? For this I want to thank you, "Pops."

But just because we are leaving old E.P.H.S., there is no reason why our friendship should end too. Wherever our road of life may take us, lets promise each other we'll never lose touch with each other. Even if it's just an occasional letter.

It makes me very, very sad to think of graduating and leaving all our friends behind... but it looks like that time has come. So to you, Ralph, I want to say good luck & the best buddy a girl could have. May you be successful in everything you attempt, and may you realize all your hopes and aspirations. Thanks for everything, but most of all- Thanks for being you! Love ya,


Jane Reserved
